

SPECIFICATIONS

Product model	URB-T _ EXT
Panel size	43-55
Panel type	LG TFT-LCD
Brightness	2500cd / m2; Sunlight Readable
Resolution	1080 x1920
View angle	178°(H) / 178°(V)
Contrast ratio	1200:1
Response time	≤ 8ms
Lifespan	50000~60000h
Product colors	Black or White (special colors on request)
Display mode	16:09
Internal Interface	HDMI, VGA, DVI, DC, Audio**
Cables from bottom	LAN - Power
Stereo speakers	Two
Protective Glass	Laminated tempered and anti-reflective glass
Shell material	Galvanized steel sheet with outdoor molding powder
Customized logo*	optional
Installation	Floor / Free standing
Temperature control	Air cooling system
Dust proof & Water proof	IP55 / IP65
Cooling system	Intelligent fan integrated temperature control and charged heating to meet the -30 to +50°C outdoor environment
Material	Cold-rolling metal plate + Special outdoor powder paint
Galvanized steel plate	The sheet metal shell uses 1.5mm SGCC galvanized steel plate
Touchscreen type	(USB output) : nanotouch 10 à 20 points simultanés (Optional)
Power supply	AC/100-240V, 50/60Hz
Speaker power	2X8Ω, 5W
Working environment	Work : -20°C to 55°C Storage : -25°C to 60°C
Working humidity	10%~80% RH non-condensing

Size	Dimensions	Touchscreen option
URB-T43EXT- 43 "	1770 * 710 * 130mm (H*W*D)	No Touchscreen
		(USB output) : nanotouch 10 à 20 points simultanés (Optional)
URB-T55EXT - 55 "	2150 * 980 * 130mm (H*W*D)	No Touchscreen
		(USB output) : nanotouch 10 à 20 points simultanés (Optional)
